Bibliography of Research on the Visually Handicapped 1953 - 1967

Compiled by

Carson Y. Nolan & June E. Morris

Department of Educational Research

This bibliography is intended to supplement that of Lende published in 1953. Only articles reporting research in which some type of empirical data were collected are reported. While many sources have contributed references, only those sources listed below have been searched systematically through December 1967.

Psychological Abstracts
Dissertation Abstracts
International Journal for the Education
of the Blind
New Outlook for the Blind
Exceptional Children

- Abels, H. L., & Cantoni, L. J. Employability of blind dictaphone operators. New Outlook for the Blind, 1965, 59, 33-34.
- Adkins, S. D. W. Effects of visual deficit on acquisition of classification concepts. Doctoral dissertation, Purdue University, 1965.
- Affleck, F. J. A study of categories, variables and variable-interrelationships of situations troublesome to the blind based upon reactions of blind and sighted groups. Doctoral dissertation, Syracuse University, 1955.
- Akuyamo, Y., Parmelle, A., & Flescher, J. The electroencephalogram in visually handicapped children. Journal of Pediatrics, 1964, 65(2).
- Amadeo, M., & Gomez, E. Eye movements, attention and dreaming in subjects with lifelong blindness. Canadian Psychiatric Association Journal, 1966, 11, 501-507.
- Amendola, R. Studies in the art and skill of form and space perception. New York: American Foundation for the Blind, 1961.
- American Foundation for the Blind. Register of children with impaired vision and hearing: Statistical reports, 1966-67. New York: Author, 1966-67.
- Ammons, C. H., Worchel, P., & Dallenbach, K. M. Facial vision: The perception of obstacles out of doors by blindfolded and blindfolded-deafened subjects. American Journal of Psychology, 1953, 66, 519-553.
- Anderson, R. P. Raven Progressive Matrices for presentation to the blind: Final report. Unpublished report, Texas Technological College, 1964. (VRA Project No. RD-670)
- Arnstein, E. Testing and guiding the blind. Jerusalem: Hadassah Vocational Guidance Department, 1956.
- Asenjo, J. A., & Axelrod, S. A survey of vocational objectives of blind college students in the United States. New Outlook for the Blind, 1957, 51, 9-16.
- Ashcroft, S. C. The survey of the multiple-handicapped visually handicapped. Louisville, Ky.: American Printing House for the Blind, 1954.
- Ashcroft, S. C. Survey on needs and costs for instructional materials. Louisville, Ky.: American Printing House for the Blind, 1956.

- Ashcroft, S. C. The IBM braille reader field test. Unpublished progress report, George Peabody College for Teachers, 1959.
- Ashcroft, S. C. Errors in oral reading of braille at elementary grade levels. Doctoral dissertation, University of Illinois, 1960.
- Ashcroft, S. C., Halliday, C., & Barraga, N. Study II: Effects of experimental teaching on the visual behavior of children educated as though they had no vision. Nashville, Tenn.: George Peabody College for Teachers, 1965. (Office of Education Grant No. 32-52-0120-1034)
- Axelrod, S. Effects of early blindness: Performance of blind and sighted children on tactile and auditory tasks. American Foundation for the Blind, Research Series, 1959, No. 7.
- Axelrod, S. Severe visual handicap and kinesthetic figural after-effects. Perceptual & Motor Skills, 1961, 13, 151-154.
- Ayres, A. F. A comparison of selective perception among early blinded and sighted adolescents. Doctoral dissertation, Rutgers--The State University, 1966.
- Barone, A., & Guidarelli, G. Su un dispositivo ad ultrasuoni per la guida dei ciechi. / An ultrasonic aid for blind people. Ricerca Scientifica, 1966, 36, 973-974.
- Barr, R. L. Developing and evaluating a simplified braille writing device. Unpublished manuscript, Webster College, 1967.
- Barraga, N. C. Opportunities for social development available to students in residential schools for the blind. Master's thesis, University of Texas, 1958-1959.
- Barraga, N. C. Effects of experimental teaching on the visual behavior of children educated as though they had no vision. Doctoral dissertation, George Peabody College for Teachers, 1963.
- Barraga, N. C. Mode of reading for low-vision students. International Journal for the Education of the Blind, 1963, 12, 103-107.
- Barraga, N. C. Increased visual behavior in low vision children. American Foundation for the Blind, Research Series, 1964, No. 13.
